

3M SF302AF SecureFit™ Protective Eyewear

Description

3M™ SecureFit™ Protective Eyewear naturally adjusts the temples to individual head sizes for a customized fit to each person. Its adjusted lens angle and alternative nose bridge may help fit workers with tall cheekbone structure and low nose bridge height regardless of ethnicity.

Features

- Designed with Asian Features in mind. Adjusted lens angle and soft nose bridge designed to help accommodate tall cheekbone structure and low nose bridge height
- Pressure Diffusion Temple (PDT) Technology helps diffuse pressure over the ear for a secure and comfortable fit
- Polycarbonate Lenses absorb 99.9% of UVA and UVB rays
