

Basic Snap-Off Knife

Description

STANLEY® Snap-off Knives have high quality carbon steel blades that snap off in sections, providing a fresh and sharp cutting point to the user without the need to open up the knife. The snap-off blade offers constant sharp edges, but is also strong and thick enough to apply heavy pressure without the blade breaking. We bring innovation to snap-off knives by providing unique features that users have never experienced before.

- Lightweight and economical snap-off blade knife
- Works with most light-weight applications
- Blade sections snap off providing a fresh, sharp cutting point
- Tips in use can be removed with the snapper at the end-cap of the knife
- Pocket clip included on the 9mm (10-131) Snap-Off Knife
