

InterLock® Self-Retracting Utility Knife

Description

The **STANLEY®** range of advanced utility knives encompass a design that features more comfort, grip and handling than other brands. It have a thicker knife blade, simplifying efforts when it comes to tough cutting tasks. We provide a wide range of utility knives that offer different blade options and special applications.

- Spring-loaded blade retracts into knife automatically when pressure on slide button is released
- Patented interlocking nose secures blade safely between knife halves
- Orange colored for high visibility and safety
- Machine screw firmly holds knife body together – screwdriver required for blade change
- Contoured handle and textured die-cast body for slip-resistance
- Store up to 10 blades in handle
- Lanyard hang hole for easy transportation and storage
- Application : Suitable use on Cardboard, Shrink Wrap
