

84-367-1-S

Locking Pliers

Description

- Serrated jaws made of chrome molybdenum material
- Chrome plating is corrosion resistant
- Forged and machined jaws for maximum durability
- Screws adjust the jaws and the clamping pressure amount for precision
- Long straight nose provides easy access in narrow, hard to reach places
- Curved jaws puts tremendous pressure on 4 points at any style or bolt head
- Straight jaws provides maximum contact on flat, square & hex work – ideal for welding & other metal work
