

MaxSteel™ Aviation Snips

Description

- High leverage, compound cutting design cuts up to 18 gauge (1.2mm) cold-rolled steel or 23 gauge (0.7mm) stainless steel
- Forged chrome molybdenum steel cutting blades for strength, durability and long cutting life
- Serrated cutting blades provides a sturdy bite and helps prevent material from slipping during use
- Latch design allows for a quick single handed operation
- Adjustment-free fasteners prevent loosening of the blades
- Color-coded, slip resistant bi-material grip for comfort and control
- Excellent for cutting aluminium, vinyl siding, screening, carboard, leather & copper
- Exceeds ANSI standard for cutting performance and durability
- Double overwind spring for longer life
- Patented hinge plate for easy product function identification
