

RW 97110 Boot Cream – Neutral

Description

- Red Wing Neutral Boot Cream uses a blend of waxes, solvents, and lanolin to prevent drying and increase the water repellency of leather. This cream is not tinted and can be used on any smooth-finished leather.

How to Apply?

Apply a light, even coat of All Natural Boot Oil, Mink Oil or All Natural Leather Conditioner to leather with finger, cloth, or sponge. Proper conditioning keeps leather healthy and extends the life of footwear.
