

Snap-Off Knife with DynaGrip®

Description

STANLEY® Snap-off Knives have high quality carbon steel blades that snap off in sections, providing a fresh and sharp cutting point to the user without the need to open up the knife. The snap-off blade offers constant sharp edges, but is also strong and thick enough to apply heavy pressure without the blade breaking. We bring innovation to snap-off knives by providing unique features that users have never experienced before.

18mm Snap Off Knives with DynaGrip®

- Dynagrip® series adding the new softgrip on top of the durable case bi-material with soft TPR providing comfort with performance
- Metal and high impact polymer construction for durability
- Blade sections snap-off providing the user with fresh, sharp cutting points
- Removable blade snapper included in cap of knife
- High impact polymer body contains elastomer for great grip and comfort
- Rigid stainless steel barrel provides smooth action and corrosion resistance
- Metal blade slide for positive blade positioning
- Supplied with one Quick-Point™ blade

25mm Snap Off Knives with DynaGrip®

- Dynagrip® series adding the new softgrip on top of the durable case bi-material with soft TPR providing comfort with performance
- Thumb dial blade release for easy blade change
- 25mm/1" snap-off blades to help resist snapping and adds durability
- 8 segments with 8 sharp tips

- Rubber DynaGrip® Panels for secure, comfortable grip
- Yellow ABS plastic body
