

## STANLEY® Essential Backpack

### Description

A durable backpack designed for rough use and carrying laptop or power tools to the worksite.

- 2 Side mesh pockets
- **Quick Tool Access:** Wide opening zip design for quick and convenient access to hand tools, small power tools and parts.
- **Padded Shoulder Straps:** For comfort whilst carrying heavy loads and easy transportation.
- **Removable Tool Organizer:** With carry handle, for organisation of screwdrivers, pliers and other small tools.
- **Padded Internal Compartment:** Ideal for electronic devices and documents.
- **Integral Tool Loop:** For maximum organisation and storage of large items, such as spirit levels.
- **Front Zip Compartment:** For storing personal belongings securely
- **Durable Design:** Made from heavy-duty 600 denier fabric.
- **Maximum Load Capacity:** 15kg.
- **Maximum Volume:** 15 litres
- Extra large rubber coated zip pull tabs for easy grip – even when wearing gloves.
- It contains a separate laptop or power tool compartment large enough for a 15.6 inch laptop
- Plastic feet to the base of the bag help to protect against moisture and dirt.
