

Tubular Frame Hacksaw

Description

STANLEY® hacksaws have excellent safety features, making them some of the safest and most reliable tools on the market. Its excellent blade tension mechanism system plays a role in ensuring that less accidents happen on the job, creating a safe and tension-free work environment.

- Heavy gauge tubular steel frame nickel-plated will not tarnish or rust provides handy holding compartment for extra blades
- Easy adjustment of frame for 10" (255 mm) and 12" (305mm) blade
- Blade can be faced in four directions
- Rugged cast handle with guard designed to protect knuckles
- Furnished with 10" (255 mm) standard carbon steel blade
